Learn How to Make the Most of Your Congregation's Gifts

JOIN US AT ONE OF THE FOLLOWING WORKSHOPS:

God has given us all gifts that we can call strengths or assets. That applies to us individually but also as congregations. Congregations can jump-start ministry and mission for the future by identifying and assessing their assets with a fun and insightful exercise called "Asset Mapping". First introduced last year at the People. Place. Purpose. Workshop, attendees were intrigued by the exercise, and many wanted to learn more.

Financial security

Using "The Power of Asset Mapping: How Your Congregation Can Act on Its Gifts" by Luther K. Snow, Rev. Eric Heinekamp will help church leaders learn the process and in turn, use the exercise with their congregation. Any and all are welcome - it would be especially beneficial if each church attending could send a team of at least two people.
