

Our Way or God's Way?

Learning discernment for the future of your church

When faced with weighty decisions, congregational leaders typically turn to the familiar process of decision-making: gathering facts, considering pros and cons and ordered voting. The creative and spiritual process of discernment can help answer the important question - what would God want us to do in this situation? In this workshop, participants will learn the difference between decision making and discernment and receive specific tools, techniques, resources, and roles to listen for the guiding of the Holy Spirit.
